

Rapid Implementation Methodology (R.I.M©)

For More Information: <http://www.maximum-potential.com/tech.html> & click on the R.I.M bubble

Strategic Measurement Matrix

OBJECTIVE	STRATEGY	INITIATIVE	PAYBACKS	Est. Annual Savings

Benefits

1. Have a clear objective that will bring increased revenue to your company
2. Projects on time & meeting client's expectations
3. Ability to capitalize on Executives Vision, enhance transformation, grow revenue, grow leadership team
4. Bring products to market faster, make your client successful & wanting to fund more projects
5. Sustaining the viability of your projects
6. Helps jump start the implementation & *THE FOUNDATION FOR A PROFITABLE & SUCCESSFUL PROJECT THAT EXCEEDS ROI*

Not Having A Solid Foundation (Risks)

1. Expectations are not met at an optimum level
2. Doing more reactive work, leadership & political back-steps
3. Project Teams require further Leadership & PM guidance
4. Project Teams do not respect projects that are not strategically outlined, supported & executed
5. Executives can lose interest, not providing the Sponsorship required
6. Over run by cost, time & lower quality
7. Missing requirements, changing expectations, expanding scope
