

Project Management & Leadership Workshops

Don't Miss Your Chance!!

There is still time to register for the **Sept 15-19 and Sept 22-26, 2008 Workshops**

Please email: private@businessedg.com

"All my customers and prospects that attended R.I.M. workshops, are on schedule on their projects, and most important, they are managing the project, THE PROJECT is not managing them"
-Sales Manager, PeopleSoft

"Excellent training and outstanding delivery. Maximum Potential and Mary Ann McIlraith provided me with a more detailed roadmap that will definitely take me on the road to success. I am excited. I can't wait to use what I have learned on my next project."
-AT&T

"Usable information, samples, approaches, strategies for all phases of project implementation. Trainers had an excellent ability to communicate and make contact with the audience."
-Major Utility

Workshop Location:

Miami, Florida
**Space is limited - participants will be

**September 15-19, 2008
and
September 22-26, 2008
in Miami Beach, FL**

This is a workshop that will take management's vision and makes it happen in an environment of fun, learning, meeting schedules and budgets. The methodology provides tools and templates from strategic planning, rapid re-engineering, development, testing, conversion, training and development, disaster recovery... RIM has reduced the total implementation cost by 1/3 in many projects, with outstanding quality while exceeding EXPECTATIONS, budget and meeting time-lines. The R.I.M. Guide and Workshop provides a comprehensive tool kit with over

scheduled on a first-come, first-serve basis.

Onsite and Custom Workshops Available for your Company

200 templates of Project Plans, Benchmarks and Quality Control Instruments from numerous projects. The Guide outlines and provides examples of every step of the implementation Process. Success is only possibly with the right tools and leadership.

DAY 4 - Certification and Portfolio & Project Management

Become a certified Rimmer and take what you've learned back to your company and teach your whole project team. Learn how to sponsor and run projects light-years ahead of industry standards - become visionaries that execute. Proactively run your business - learn beyond the balanced dashboard to execution. Leverage your firm's resources (money and human capital) more effectively. Build stronger leadership to execute & secure approval for high-return projects.

DAY 5 - Leadership Session
